The 2019 Columbia Basin Transboundary Conference
“One River, One Future”

September 12th-14th in Kimberley, BC

The Columbia Basin Trust (Trust) and the Northwest Power and Conservation Council (Council) are co-convening the 6th International Transboundary Columbia River Conference in Kimberley, BC from September 12-14, 2019. We are working with indigenous representatives from the United States and Canada as well as provincial, state, federal agencies and academic institutions to help shape the agenda for the event.

The goal of the transboundary forum is to share information and build understanding on the following important themes:

- The Columbia River Treaty;
- Salmon restoration and reintroduction efforts in the Columbia River Basin;
- Impacts of and response to invasive species;
- Energy issues including hydropower, energy efficiency (conservation), transmission and renewable resources;
- Climate change-related impacts on Columbia River water resources and resulting impacts on communities, ecosystems, the economy and hydropower generation; and
- Contemporary water governance issues and opportunities.

In order to plan and execute an event of this magnitude, we need to raise additional funds.

We are sending this letter to you requesting your financial support to convene this timely and important transboundary dialogue. Please see page three of this document for more information on sponsorship levels.

For more information on the conference, please visit the conference website at www.transboundaryriverconference.org.

Sponsorship contributions may be made via check in \$CDN payable to COLUMBIA BASIN TRUST

(the Trust is acting as financial administrator for the conference) and mailed to:

Columbia Basin Trust
